ARKA

Arka è un sistema di arredamento dedicato al vino, in grado di coniugare estetica, funzionalità e tecnologia in un elemento architettonico di alto design.

Unica nel suo genere, questa soluzione espositiva si distingue per l'eccezionale altezza, che valorizza la verticalità dello spazio e dona un impatto scenografico senza precedenti.

Un sistema flessibile e modulare, pensato per dare vita a composizioni lineari a parete, isole centrali con porte su entrambi i lati o vere e proprie wine room con ingresso dedicato.

Massima personalizzazione. Ante in finiture pregiate tra cui acciaio, oro o bronzo e interni rivestiti in metalli nobili o pelle, per un'esperienza estetica raffinata e completamente su misura.

Arka è l'essenza dell'esclusività, pensata per trasformare ogni spazio, residenziale o professionale, in un luogo unico, ricercato e irripetibile.

Arka is a furniture system dedicated to wine, combining aesthetics, functionality, and technology in a high-design architectural element.

This one-of-a-kind display solution stands out for its exceptional height, which enhances the verticality of the space and creates an unprecedented visual impact.

A flexible and modular system, designed to create linear wall compositions, central islands with doors on either side, or actual wine rooms with dedicated entrances.

Maximum customization. Doors in premium finishes including steel, gold, or bronze, and interiors lined with precious metals or leather, for a sophisticated and completely tailor-made aesthetic experience.

Arka is the essence of exclusivity, designed to transform any space, residential or commercial, into a unique, elegant, and inimitable place.

PROGETTATO IN DUE SEZIONI PER FACILITARE TRASPORTO ED INSTALLAZIONE

ENGINEERED IN TWO SECTIONS FOR EASY TRANSPORT AND INSTALLATION

I moduli refrigerati Arka sono stati progettati e realizzati in due sezioni separate. Una volta assemblato, il modulo appare come un unico elemento integrale, garantendo estetica e funzionalità senza compromessi.

Il montaggio è rapido e intuitivo, con una durata media di circa 30 minuti per modulo.

Le principali fasi sono:

posizionamento della parte superiore (B) sull'inferiore (A), fissaggio del controtelaio (C) tramite viti metriche, avvitamento del montante centrale (M) e installazione delle porte (P).

Arka refrigerated modules are designed and manufactured in two separate sections. Once assembled, the module appears as a single integral element, guaranteeing uncompromising aesthetics and functionality.

Assembly is quick and intuitive, taking an average of about 30 minutes per module.

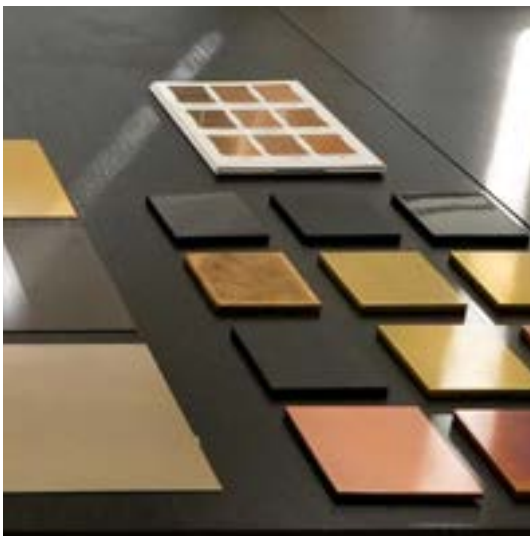

The main steps are:

positioning the upper part (B) on the lower part (A), securing the counter frame (C) with metric screws, screwing in the central upright (M), and installing the doors (P).

SU MISURA PER OGNI CLIENTE

TAILORED TO EACH CUSTOMER

Un ampia scelta di materiali e finiture pensate per le persone più esigenti, che desiderano una personalizzazione sartoriale della propria vetrina, così da renderla unica ed inconfondibile.

A broad range of materials and finishes designed for the discerning customer who wants sartorial customization of their wine cabinet to make it unmistakable and unique.
