**IBIZA**

*\_Refrigerators and freezers. Plug-in installation*

## More sales through perfect product visibility.

Compact, well-conceived freezer unit with four glass side panels for optimum visibility.

### ENVIRONMENT AND CLIMATE

IBIZA units are completely CFC- and HFC-free and use the ecologically harmless and natural refrigerant propane (R290). R290 has the lowest GWP on the market. This makes them particularly environmentally friendly.

### SEMI-AUTOMATIC DEFROSTING

Semi-automatic defrosting is possible in all temperature ranges. The constant temperature and high-quality plastic containers mean that the shelf life and hygiene of all products are always ensured. The plastic interior drip tray guarantees easy cleaning.

### HIGH ENERGY SAVINGS

Save even more compared to conventional multi-unit systems, thanks to the sophisticated technology and design with AHT e-conomize. In addition, the electronically controlled, variable-speed compressor (VS) and a new energy-saving fan ensure maximum energy efficiency.

### VISUAL MERCHANDISING

Thanks to mist-free glass panels on all four sides, IBIZA offers excellent visibility of the goods on display. The bright LED interior lighting ensures perfect product presentation. In addition, the robust, smooth-running, completely encased sliding glass cover guarantees easy removal of merchandise.

### INTELLIGENT INSTALLATION

Ready-to-connect installation means IBIZA can be used immediately. ABS injection makes the refrigeration unit extremely robust. In addition, the sliding glass cover is lockable.

### COMPATIBLE WITH AMS

Our Active Monitoring System (AMS) allows us to detect problems before you notice them. As an essential add-on to all AHT products, the AMS makes it much easier for you to manage and monitor the AHT cooling systems in your stores.

## INDIVIDUAL BRANDING

AHT cooling units are constructed individually: Using our template, you create the design, then we apply it directly during production.

## TEMPERATURE RANGES

Cooling	+3°C to +15°C <sup>1</sup>
Freezing	-18°C to -23°C
Mince meat/meat chilling	0°C to +2°C

<sup>1</sup> Fixed preset that can be changed by a service technician

## *USPs*

### **PERFECT PRODUCT PRESENTATION**

The large panoramic sliding glass lids and the four-sided glazing optimize the product visibility. In addition, Ibiza scores thanks to its low height and easy product removal.

### **ACCESSIBILITY**

IBIZA is accessible from all four sides and the removal of goods for customers is easy.
